Thermal Transfer Solutions Ltd

Press Release

Thermal Transfer Solutions Ltd (TTS), a UK based converter of thermal transfer ribbons, appoints Rob Baughurst as their new Operations Manager. TTS were delighted to secure the services of Rob Baughurst (previously employed by ITW Thermal Films – December 20th 2008

TTS were delighted to secure the services of Rob Baughurst as their new Operations Manager. Rob Baughurst brings with him a wealth of thermal transfer production experience built up over the past 8 years working at ITW Thermal Films. His extensive experience will help TTS improve their production efficiencies and provide more technical production resources to help drive the future growth and success of the company.

Rob's main role will be to manage the day to day operation of the TTS production department. Rob will also be responsible for managing the ISO 9001 & ISO 14001 quality control systems and implementing the last stage of our BRC accreditation.

"We are very excited to welcome Rob Baughurst as our Operations Manager," stated Jason Asser, Director at TTS. "Quality, service and customer satisfaction are the cornerstones for TTS's continued success. We believe that with Rob Baughurst's tremendous expertise in both quality control and the latest TTR production technologies, TTS will be able to continue to improve and exceed our current quality standards and production efficiencies."

One of the first challenges for Rob will be looking at new slitting equipment to help increase the TTS slitting and production capacity to keep up with the rapid expansion of our TTR sales volumes.

Rob Baughurst can be contacted at rob.baughurst@tts.eu.com
